PROHIBITIONISTS

Open their Third Annual National

Assembly in a Storm. A LITTLE TOO MUCH COLD WATER

Dampens the First Day's Sessions but the two Following are all Right. Eloquent Speeches by Orators of National Fame Heard by Audiences which Overcrowd the Vast Pavilion.

The "cold water army" began its third year's campaign at the Assembly grounds, Moundsville, Sunday, July 3, in the midst of a downpour ofrein, such as seldom visits this section.

So terrific was the storm that the management expected no meeting at the ten o'clock hour, and were agreeably surprised to see the residents of the camp grounds wending their way through rain overhead and wet grass underfoot to the great hall built on the hillside, containining sents for thousands, and while the thousands did not arrive on account of the swim, the small but very select audience was grandly entertained by that eloquent woman, Mrs. Mary T. Lathrop, of Michigan, whom the faithful delight to call "the Daniel Webster of the Prohibi-

call "the Daniel Webster of the Prohibi-tion party."

The interest in the assembly has steadily grown from year to year, proba-bly not on account or the gospel of pro-hibition which is given out here in land-slide proportions, but for the magnifi-cent programme varied by popular lec-tures, stereopticon views, music, the most delightful to the ear, chalk talks, W. C. T. U. meetings, grand sermons and other intellectual treats many and 'varied.

The cost of the programme last year exceeded the receipts from all sources, and for fear that the annual treat pro-vided for old Marshall county and camp

At 2 p. m. Col. George W. Bain, of Kentucky, called the silver tongued orator, delighted a large audience, and at 7:45 Rev. W. G. Hubbard, of Ohio, an entertaining and logical Quaker preacher, spoke to a good-sized congregation. gation.

gation.

The glorious Fourth came in with sunshine, fire crackers, and Miss Lydia J. Newcomb, with a large class in physical culture, and at 10:30 Mrs. Lathrop electrified the crowd with another of

her brilliant talks.

At 2:30 everybody in Moundsville and on the camp grounds seemed to be crowded into the presence of Col. George W. Bain, of whom it was said by a boy; "I don't like that man, he makes me cry." Many dry eyes were cot seen during the attenuous service.

not seen during the afternoon service.
Yesterday was W. C. T. U. day. The
day was clear and delightfully cool.
There was a good attendance during all the exercises, which were opened by Mrs. Jennie P. Sisson, president of the state union. The following programme was carried out:

was carried out:

9 a. m. Devotional Exercises.
9:15 a. m. Mrs. Jennie McClurkin.
10 a. m. Miss Newcomb's cluss.
11 a. m. Conference of Workers.
12 m. Nooutide Prayer.
2 p. m. Devotional Exercises.
2:30 p. m. Address, Miss Vandella Varnum, of New York.
7:45 p. m. Popular Lagings Col. Comm. W.

New York. 7:45 p. m. Popular Lecture, Col. George W. Rain, of Kentucky.

The addresses were all excellent, and won the approval of the entre audience, which seemed to be in hearty accord with all the speakers. All the good points were recognized by outbursts of applause, which was liberal all day.

The afternoon address of Miss Vandelia Varnum, of New York, who spoke on "Who Pays the Freight?" was greeted by a large andience. She spoke of

on "Who Pays the Freight?" was greeted by a large audience. She spoke of the payment for the violation of the physical laws, the dress and the fashions of the women of to-day and the young men who waste their lives in dissipation, and the "freight bills" of the man of the world, who views it from a mercenary side, the price of social life, the pleasures of leading such a life and what it all amounts to. In some satirical remarks she described some of the fallacies of social leaders. Miss Varnum drew some striking word pictures of the building up of dens of iniquities and described Chicago as an example, with \$5,000 outcast women, and its countless saloons, which were legalized. saloons, which were legalized.

told some very excellent anecdotes to told some very excellent anecdotes to illustrate her good points. At the conclusion of Miss Varnum's address, Miss Newcomb, the instructress of physical culture, gave an interesting talk on physical exercise for women, advocating dress reform and doing away with street trains, which were dangerous to health. She said there should be an equalization of all parts, to give perfect, freadom before woman can atperfect freedom, before woman can at-tain the highest standard of health, and that women should reform them-selves before they reform the men. She closed with an exhibition of club swinging, to music, which was warmly

THE EVENING EXERCISES

were opened by some excellent music by the Silver Lake Quartette and a brief prayer by Rev. C. H. Meade, who presides over all the meetings. He introduced in a few well chosen remarks Col. George W. Bain, of Kentucky, the speaker of the occasion, whose subject was, "Boya and Girle, Nice and Naugh-ty—the Yendulum of Life." The colowas, "Boys and Girls, Nice and Naughty—the l'endulum of Lite." The colonel opened his lecture by saying that the title suggested fun, but underneath there was a grave side. The boys and girls who were good, studious and virtuous in lile were the successes, while boys and girls who were cold in heart, idle and profligate made the failures of life. This was shown by an illustration of the d scendants of two boys after three generations, one of whose progony were preachers, college professors and good men, while the other's were criminals in jail and outcasts, all the results of their early childhood. Today there are more schools of vice than there are schools for good.

there are schools for good.

He related an anecdole of the mayor
in a town in France, who advised another mayor to prepare for a siege of
cholera which was about to begin, and
received the answer that he was already
prepared, having dug graves and made
other preparations. So it was with
some people, they don't take proper
precautions against naughtiness in its
infancy and tender years, before it
grows, envelopes its victims and lands
them in the grave.

He spoke of a poor bootblack, who
might have been lifted up the ladder of
fame with proper care, but was left to
porish in vice, while another street
Arab was refermed by love, by people
who believed that a diamond is a diamond, even if covered with dust.

The colonel pointed out the breakers
in life's channels. The first was idle-

Men wait around for something to turn up. Idlers are out of place in these days of progress and invention, and woe be unto the young man who stops to the his shoestring in the procession.

stops to the his shoostring in the procession.

He spoke of the idle young man enameled with wealth. Take that enamel off and you have the advance guard of dead beats. The good in a young man must be worked out, and you must ask God to help, for the angel of goodness comes slowly, while life is full of thorns and thistles. Life is not a panorama of beauty and poetry, and you must not regard it as a joke, or in the great hereafter you will be counted out in the counting office of eternity.

Eloquent tributes were paid to Lincoln, Garfield, St. John and Bidwell, and he closed by giving the girls some excellent advice, and a glowing tribute to womanly qualities. At the close he was greeted by the Chautauqua salute of handkerchiefs and a hearty outburst of applause.

TO-DAY'S EXENCISES

will open at 9:30 a. m. with White Cross work, led by Dr. Hattie R. Jones. Miss Varnum, M. V. B. Bennett, the "Kansas cyclone," and John R. Clarke, of New York, will speak.

Every day has a treat in store. An all day feast for 25 cents, sinzle admission 15 cents, \$1 for a season ticket, an average of two cents per lecture, and music thrown in. P. A. Burdick, of New York; ex-Governor John P. St. John, Col. L. F. Copeland, of Pennsylvania; Rev. Ann Shaw, of Boston; Hon. Samuel Dickie, chairman of the national Probibition executive committee; Rolla Kirk Bryan, and many other tional Prohibition executive committee; Rolla Kirk Bryan, and many other
notables are yet to have their say during the assembly. Bryan talks with
chalk, to the wonder and admiration of
all beholders. Saturday is Farmers'
Alliance day, when the great light of
that party will delight the tillers of the
soil and their well-wishers with the
orthodox gospel of the soil tillers.

The state convention of Prohibitionists will meet there on Tuesday, the
12th, when a full state ticket will be
placed in the field on a Prohibition platform.

placed in the field on a Prohibition platform.

Captain Frank Burt, of Mannington, seems to have the call to lead the White Rose army of West Virginia as their candidate for governor.

It is worth anybody's time and money to hear the famous Silver Lake quartette sing. The only drawback to the meeting is a misunderstanding regarding the trains. This will be corrected and a train return to Wheeling at night after the meeting, and special trains run to the grounds next Sunday.

STARTLING D SCLOSURES.

The Defacation at B ff do Upwards of a Half Million.

Buffalo, N. Y., July 5.—Startling figures came to light this morning concerning the National Savings Bank defalcation. The wildest guess has been outdone by cold facts. Only about half of the pass books have been examined, and the defalcation figures up to the surprising amount of \$426,636. Those

surprising amount of \$426,636. Those are exact figures so far as the investigation goes.

The revelation was made this morning in the supreme court before Judge Hamilton Ward, when the deputy attorney general, Horan, made application for the appointment of a temporary receiver for the bank.

Afterward Chief Examiner Judson said: "I believe the total amount of the defalcation will reach half a million. Fewer discoveries will be made from this time on, of course, as most of the

million."

The official statement of the bank examiners show total liabilities of \$1,280,345 11, assets \$1,000,344 55, and deficiency \$280,500 88. Dann has thus far turned over money and property amounting to \$53,000. The deficiency in the bank's funds is not as large as the steal. Judge Ward postponed the appointment of a receiver till Thursday appointment of a receiver till Thursday morning.

The committee of depositors met and

correspondent of the Times says:

Cholera appears to be alvancing toward Moscow. It is privately reported that the disease has appeared on the other side of the Volga in Samara. The mortality is increasing in Baku and its suburbs. Reports from Elizabet:port and other cholera infected towns in the Cancacus all testify to the incapacity of the authorities to cope with the situation and to the filthy condition of the towns. The food used by the inhabitants is described as

filthy condition of the towns. The food used by the inhabitants is described as injurious, while the non-existence of any system of drainage is deplored.

Saratof is apparently the only threatened Russian town where effective preventative measures have been taken. The risk of contagion in Askrakan is greatly increased by the inhabitants eating putrid fish which constitute their habitual food. It is rumored that the cholera appeared in Roumanoff and the medical department has received disquieting news from Rybiniski.

THE WORKINGMEN READ

And Reflect-The Plank Voted Down Declared that the Difference Between the Cost of Labor Here and Abroad Should be Considered in Framing Tariff Laws-The Plank Adopted Declares that the only Purpose For Tariff should be Revenue, Which is the Tariff England Has.

Here is the portion of the tariff plank reported by the majority of the com-mittee on resolutions which the Chicago convention voted down:

we reiterate the oft-repeated doctrines of the Democratic party, that the necessity of the Government is the only justification for taxation, and whenever a tax is unnecessary, it is unjustifiable; that when customs house taxation is levied upon articles of any kind produced in this country, THE DIFFERENCE BETWEEN THE COST OF LABOR HERE AND LABOR ABROAD, when such a difference exists, fully when such a difference exists, fully measures any possible benefits to labor, and the enormous additional imposi-tions of the existing tariff fall with tions of the existing tariff fall with crushing force upon our farmers and workingmen, and, for the mere advantage of the few whom it enriches, exacts from labor a grossly unjust share of the expense of the Govornment. And we demand such a revision of the tariff laws as will somove their iniquitous inequalities, lighten their oppressions and put them on a constitutional and equitable basis.

But, in making reduction in taxes, IT IS NOT PROPOSED TO INJURE ANY DOMESTIC INDUSTRIES, BUT RATHER TO PROMOTE THEIR HEALTHY

GROWTH, From the foundation of this government the taxes collected at the custom house have been the chief source of foderal revenue. Such they must continue to be. Moreover, many industries have come to rely upon legislation for successful continuance se naustries have come to rely upon legis-lation for successful continuance, so that ANY CHANGES OF LAW MUST BE AT EVERY SIEP REGARDFUL OF THE LABOR AND CAPITAL THUS INVOLVED. The progress of reform must be subject in the execu-tion to this plain dictate of justice.

BOLD, DISGUISED TREE TRADE. Here is the tariff plank reported by the minority of the committee which the convention adopted as a substitute for the above: We denounce Republican protection

as a fraud—as a robbery of a great majority of the American people for the benefit of a few. WE DECLARE IT TO BE A FUNDAMENTAL PRINCIPLE OF THE DEMOCRATIC PARTY PLE OF THE DEMOCRATIC PARTY
THAT THE GOVERNMENT HAS NO
CONSTITUTIONAL POWER TO IMPOSE AND COLLECT A DOLLAR
FOR TAX EXCEPT FOR PURPOSES
OF REVENUE ONLY, and demand that
the collection of such taxes be imposed
by the government when only honestly
and secondically administered. and economically administered.

ANOTHER OF THE SAME SORT. Here is an extract from the Constitution of the Confederate States, which, as will be seen, is as like the Chicago

Democratic declaration as two peas: The Congress shall have power to lay and collect taxes, duties, imposts and excises for revenue necessary to pay excises for revenue necessary to pay the debts, provide for the common de-fense, and carry on the government of the Confederate States; but no boun-ties shall be granted from the treasury, nor shall any duties or taxes on impor-tations from foreign nations be laid to promote or foster any branch of indus-try.

A JEW ON TRIAL.

Charged with the Murder of a Boy for Defacing Jawish Gravestones. BERLIN, July 5 .- The trial of the

Jewish butcher Buschoff, charged with the murder at Xanten, on June, 1891. of a Christian boy named Hegmann, has opened at Cleves. There are 99 witnesses for the prosecution, but only 18 for the defense.

Buschoff pleaded not guilty and the president of the court pointed out to the jury that the sole motive for the crime mentioned in the indictment was the desire of the accused for revenge because of damage done to Jewish gravestones.

The case has aroused much bitter feeling. Hegmann's mutilated body was found in a stable and the discovery caused extensive excitement. Buschoff caused extensive excitement. Buschoff was suspected of the crime by certain anti-Semitics, who declared that he had murdered the boy in order that his blood might be used in the observance of Jewish rites. Buschoff was arrested months ago for the murder of Hogmann, but was subsequently released, owing to the lack of evidence and Semitic agitation, but the authorities finally had Buschoff rearrested. had Buschoff rearrested.
